Dear Sir/Madam,

My name is Mrs. Abiha Nazari Mossad, I'm a 71 years old widow who was in the oil and gas Industry in Kuwait with my late husband. My health is deteriorating drastically and my children are fighting over my riches even when I have given them more than enough, but thank God I'm not dead yet so I've decided to pledge you the sum of \$11.9 Million dollars to help me set up a program on my behalf to help the Motherless babies/Less privileged and of course Widows who are suffering in your Country.

The \$11.9 Million dollars funds is currently deposited into a bank in Europe, please if you are really interested to carry out this humanitarian project / my last wish, please let me know so I can forward you the attorney's details who is responsible for filing an immediate request to have the funds transferred on your behalf to establish a program to help the less fortunate in your Country. Well, I've been praying that you'll be a trustworthy person to fulfill my last wish. Please remember to keep me in your prayers. Thank you and God bless you.

Yours Sincerely,

Mrs. Abiha Nazari Mossad.
